## Tips for a Smooth Move

Here are some more tips to make your move smooth:

**Declutter Before Moving.** Declutter your home before you pack. You can donate and sell items you no longer need. This reduces the number of things to be packed and moved, therefore saving you time and cost.

**Make an Inventory List.** List all your items for sure nothing will be forgotten or misplaced during the move.

**Label Your Boxes:** Each box must be labeled, noting what is inside the box and which room it needs to be taken to. That will make unpacking quicker and less complicated.

**Pack Early:** Start packing way ahead of the actual move day. Pack from your least-used items up to your most used items.

**Take Care of Utilities:** Confirm utilities are turned off at the old place and that at least the utilities are connected at your new place on move day.

**Keep in Touch with Your Movers:** Involve the moving company throughout the process. Keep them updated on everything that involves your move, including when your move will take place and access to both houses other than any special requirements for completion.
